Attn: V. Nelson

Dear Mr. Nelson:

Thank you for your inquiry regarding Crysto-Mats as pictured
in The Office magazine.

You are no doubt acquainted with transparent floor mats being
offered by numerous manufacturers, made from standard grade
acrylic sheet. As you may have discovered, standard grade is
not scratch-resistant and also has a tendency to warp.

Crysto-Mats, however, are fabricated from a superior material,
using a hardening agent which makes them very scratch-resistant
and 200% less moisture absorbent, which prevents warping.

We sell directly to Banks, Insurance Companies, Large Corporations,
Schools, etc. on a maximum discount basis as follows:

1 - 5 Mats -----50% Discount
6 or more Mats -----50 & 10% Discount
Freight Paid on 6 or more.

We would like to have you try a sample lot either as an
original installation or to replace some of your present worn
mats. If you would like to try just one Crysto-Mat for test
we will be glad to send one on memo basis.

Very truly yours,
